

90-DAY SOFTWARE TESTING CAREER ROADMAP

Module 11 Assignment — CV & LinkedIn Mastery

Assignment brief: scenario, deliverables, steps and how your work is assessed.

About this assignment

You are about to apply for QA roles. Your CV and LinkedIn need to get you found and make a strong first impression in seconds.

What you'll demonstrate

- Write an achievement-led QA CV
- Optimise LinkedIn for recruiter searches
- Target the right roles

What to submit

- Your updated QA CV
- Your LinkedIn summary text
- A list of 10 target job titles
- Your portfolio link

Step-by-step

1. Write a sharp summary and skills section, leading with relevant strengths
2. Rewrite duties as quantified achievements
3. Optimise your LinkedIn headline and About with keywords
4. List 10 target roles and link your portfolio

Submission format

Submit as a PDF or DOCX (CV) plus your LinkedIn text and target list.

How your work is assessed

If a QA lead reviewed this, they would look for:

- Sharp summary and skills up top
- Achievement bullets with outcomes
- Portfolio linked; consistent CV/LinkedIn
- Proofread — no typos

Templates & resources to use

- QA Career Roadmap Poster — find it in the Resource Vault.

INSIDE STLC PRO TIP

A reviewer scans the top third first. Put your strongest, most relevant content there — and proofread relentlessly; a typo on a QA CV is the worst first impression.
