

90-DAY SOFTWARE TESTING CAREER ROADMAP

Module 12 Assignment — Interview Mastery & Job Search

Assignment brief: scenario, deliverables, steps and how your work is assessed.

About this assignment

This is your graduation submission: a complete, job-ready career pack that shows you can present yourself and perform in interviews.

What you'll demonstrate

- Answer behavioural questions with STAR
- Run a systematic job search
- Plan your value in a new role

What to submit

- 5 STAR answers for common QA questions
- A record of 10 job applications (company, role, date, outcome)
- A mock interview reflection
- A final QA career action plan

Step-by-step

1. Write 5 STAR answers covering common themes
2. Track 10 real applications with next actions
3. Run a mock interview and reflect (what went well, what to improve)
4. Write your career action plan (targets, skills, timeline)

Submission format

Submit as a PDF or DOCX — your complete final career pack.

How your work is assessed

If a QA lead reviewed this, they would look for:

- Versatile, well-structured STAR answers
- An organised, tracked job search
- Honest mock-interview reflection
- A clear, realistic action plan

Templates & resources to use

- QA Career Roadmap Poster — find it in the Resource Vault.
- Final Portfolio Project Workbook — find it in the Resource Vault.

INSIDE STLC PRO TIP

Prepare 5-6 strong STAR stories you can adapt to almost any behavioural question — versatile examples beat a long list of half-prepared ones.
